## THE MURDERERS

Of Sheriff Rodgers Captured After an All Day Chase.

The Desperadoes Are Quietly Taken to Jail at Glencoe, Minn.

An Angry Mob Surrounds the Prison for the Purpose of Lynching the Prisoners—Gov. Clough Orders a Company of St. Paul Militia to the Scene.

ST. PAUL, Minn., June 26.—Infuriated citizens of Southern Minnesota were trying Thursday night to lynch the murderers of Sheriff Rodgers, of McLeod county. A posse of 250 men chased the desperadoes all day and caught them in a swamp five miles west of Arlington, early Thursday evening, without firing a shot. As soon as it was learned that they had been captured, mobs bent on lynching them, began to move from Glencoe, New Auburn, Green Isle and Hutchinson. While the mobs were moving on Arlington, the prisoners were rushed down a back street to a passing train and taken to Glencoe. This saved the prisoners for a time at least, but the governor was wired that the deputy sheriff in charge at Glencoe could not prevent a lynching. All the militia companies of that part of the state were taking their regular summer outing in camp at Lake City and were unavailable. Gov. Clough therefore ordered out Company C, First regiment, stationed in St. Paul, and that company left St. Paul for Glencoe at 10:40. It will arrive there at one o'clock, but the news from Glencoe at this hour indicates that there will be a lynching before that time, as the town is in a state of excitement bordering on frenzy over the killing of Sheriff Rodgers, who was the most popular man in McLeod county.

At 1:30 Friday morning it was learned that the militia company from St. Paul arrived at Glencoe on time and is now stationed about the jail. There is no danger of further trouble.

**Highway Mail Clerks.**  
TOLEDO, O., June 26.—The national convention of railway mail clerks was brought to an end here Thursday night. President W. W. Blackmer, of Detroit, was unanimously re-elected president, and O. S. Bond, secretary and treasurer. Philadelphia was chosen as the place for the next meeting, to be held in June, 1897.

**The English Afraid of Yale.**  
LONDON, June 26.—The sportsman said Friday that the latest performance of the Yale crew has surprised the critics. It is abundantly evident that they will take a lot more beating than anybody expected.

## THE M'KINLEYS.

The Women of Stark County Tender Them a Reception.

CANTON, O., June 26.—The women of Stark county tendered a grand reception to ex-Gov. and Mrs. McKinley Friday at the Jacob Miller residence, on West Tuscarawas street. The spacious old-fashioned mansion was beautifully decorated with flags, flowers and designs in electric lights. Before the reception proper began, a short address of congratulation was delivered to ex-Gov. and Mrs. McKinley by Mrs. Alice Danler Jones, of this city. Ex-Gov. McKinley briefly replied.

The speaking took place from a balcony in front of the residence. The reception was attended by a great throng of people. In the west parlor on a raised dais, under an illuminated crown made of electric lights, ex-Gov. and Mrs. McKinley greeted thousands of people. In the receiving line were ex-Gov. and Mrs. McKinley, Mrs. McKinley, sr., Miss Helen McKinley, Miss Grace McKinley, Mrs. Abner McKinley and daughter, Mrs. Duncan and daughter and Mrs. M. C. Barber and daughter.

## QUITTING BUSINESS.

The Filled Cheese Manufacturers of the Fox River District Closing Up.

CHICAGO, June 26.—Collector of Internal Revenue Mize, of this district, recently sent an agent to the Fox river valley district where the most of the filled cheese is made to prepare the department as well as the members for the operation of the filled cheese tax and license law next September. He returned Thursday with the information that nearly all the makers would go out of business before the law took effect, because they and the retail dealers had figured out a profitless business after paying the government license and tax and allowing for the effect on the public of having to label their product "filled cheese." The few makers who will remain in business will do an export trade exclusively, as there is no tax on that. Fifteen million pounds of filled cheese, valued at \$1,000,000, were made in this district last year, and about \$300,000 worth of this trade will be abolished in the fall by virtue of the enactment of congress.

## Alleged Shortage Covered.

## GOT AWAY.

The Commodore Chased by a United States Revenue Cutter.

The Former, Being the Best Vessel, Succeeds in Eluding Her Pursuer.

The Filibustering Vessel Has a Cargo Consisting of Arms and Ammunition for the Cuban Insurgents—The Commodore Carries Nearly 100 Men.

TAMPA, Fla., June 26.—When the steamer Commodore left Port Tampa Thursday afternoon she was followed by the revenue cutter McLane, the latter having orders to stop the suspected filibuster. When Capt. Morton, of the Commodore, saw the McLane in pursuit he crowded on steam and a lively race began. As the Commodore gained the McLane sent four solid shots after the filibuster and the latter came to. The McLane's commander searched the Commodore, but nothing contraband was found. The Commodore was allowed to go and the McLane started back to port. Six miles down the bay, however, the Commodore came to and was approached by three schooners. Nearly a hundred men and scores of arms and ammunition were transferred from the schooners to the Commodore. The McLane's commander saw this transfer by means of his glasses, and again pursued the Commodore. The McLane gained at first and fired on the Commodore repeatedly, but the shots fell short. The powerful engines of the Commodore soon told, however, and she began to forge ahead. When the boats passed St. Petersburg, the Commodore was leading the McLane six miles. As the McLane has no coast pilot, she will have to lay to during the night, and this will enable the Commodore to make good her escape.

## THE DEMOCRATS

Of Georgia, in Convention, Select a Silver Delegation to Chicago.

MACON, Ga., June 26.—Georgia democracy adopted the unit rule in convention Thursday and sent a solid delegation to Chicago for free silver. The delegates-at-large are: E. P. Out of 11 congressional districts, ten solid silver delegations, and the eleventh is bound to vote for 16 to 1 bimetallic platform and bi-metallic candidates under the unit rule.

The platform deplores lynchings, and favors the enactment of such laws as will effectually prevent the same; declares its devotion to "pure democratic faith, which demands that the primary money of the country shall be the gold and silver coinage of the constitution, and which favors a circulating medium convertible into such money without loss;" and demands the free and unlimited coinage of both silver and gold, independent of the action of any other government, at the ratio of 16 to 1.

The entire state officers were renominated excepting the state treasurer, who declined renomination, and the assistant treasurer, J. M. Sparr, was nominated for that office.

Putnam, a teacher employed in the Minneapolis kindergarten; Miss Bessie Newhall, Minneapolis, and Mrs. Sherman, of St. Paul. The party had just embarked for a sail on Clearwater lake, and had proceeded not more than 100 yards from shore, where the water was rough, when a gale struck them. The boat capsized and all went down.

It demolished the general store and hotel kept by Sam Joyner. Several kegs of powder, which were in the building, were evidently ignited by Willis Joyner, the little son of the proprietor, who was burned to death. A stranger named Maiden was killed and a number of persons in the building seriously injured. Mrs. Eliza Schubert, manager of the hotel, was, perhaps, fatally hurt. A special train with physicians was sent to the scene of the accident.

## BUCKEYE NEWS.

New and Interesting Happenings Within Our Borders.

## DESTRUCTIVE STORM.

A Cloudburst in the Vicinity of Marietta Does Immense Damage.

MARIETTA, O., June 26.—The amount of property destroyed by the terrific cloudburst which visited the little valleys of Moss Run and the Little Muskingum river Wednesday night was the greatest calamity that ever occurred in this county. The property loss will reach several hundred thousand dollars, but up to a late hour Thursday night no lives are known to be lost. Travel in the stricken district is impossible, every bridge across the small streams being swept away. Live stock suffered extensively, and many bodies of drowned animals have floated down the Ohio. Crops over many square miles of fertile lands are utterly obliterated.

News coming in Thursday shows that homes of scores of families have been destroyed, together with stores, churches and buildings of every description. At Eight-Mile and Fifteen Oil fields many derricks were torn loose and the rigs carried away. The scene along the little stream is one of devastation—a Johnstown without the dead.

In the vicinity of Archer's Fork, Thomas Ludington, Jacob Davis, Geo. Dencher and James Courtney lost their homes and everything they contained. The flouring mill of Joshua Goodman was swept from its foundation and carried away. On Moss run the stores of Isaac McGowan, Peter Stegner, Heslep Brothers and Harrison Hamilton were torn away by the flood, and their contents are now being distributed along the banks of the Ohio. Three schoolhouses and three dwellings were obliterated near Hills. The new Baptist church at Fifteen, dedicated only last spring, is gone. Hadley's schoolhouse has vanished, and a dozen small dwellings in the hamlet near by kept it company. The store of Edward Kitts, the post office at Hesley & Evisizer's flouring mill at the mouth of Moss Run were also destroyed.

## PEACHES GALORE.

In Ross County They Are Wasting on the Trees and Ground.

CHILLICOTHE, O., June 26.—Never in the history of Ross county has the peach crop been so abundant as it is this year. Peaches are a drug on the market, and in spite of the fact that they are being picked and shipped as fast as possible, hundreds of bushels of them are going to waste on the trees and on the ground. They are selling in the city for forty cents a bushel, and in the country are being given away to all comers. Last year there were hardly any peaches, but the apple crop was abnormally large. This year the apples will not amount to anything. The very abundance of the peaches renders them hardly worth picking, from the fact that they are selling at a price too low to give much profit. Large numbers of orchards are bearing this year for the first time.

## IRON MANUFACTURERS

And Amalgamated Men Meet But Come to No Agreement as to the Scale.

YOUNGSTOWN, O., June 26.—Thursday afternoon the conference committees of the manufacturers and Amalgamated men met to discuss the scale question. President Garland presented the scale as prepared at Detroit, and set forth the claims upon which they based their action in asking for an advance of 50 cents per ton on the boiling card. On the part of the manufacturers it was stated that it was impossible to pay \$4.50 for puddling until business would improve. If the advance was insisted on the only recourse of the mill owners would be to shut down.

The conference adjourned without agreement to meet in Youngstown on July 9.

## DECLARED VALID.

The Acts of the Legislature Authorizing the Issuance of Bonds for Public Improvements.

CLEVELAND, O., June 26.—Word was received by the city officials Friday that the supreme court of the state has affirmed the validity of the contemplated bond issues for public improvements amounting to seven or eight million of dollars, authorized by special acts of the last legislature. The question was on the constitutionality of the special acts and had the decision been made against the city it would have invalidated many millions of dollars' worth of bonds. The decision in favor of the city affects also a large number of acts passed in the interests of other cities and counties in the state.
